The economic footprint of the biopharmaceutical industry can be measured not only by the traditional indicators of employment and output, but also in part by its impact on the vendors, large and small, that provide services or supplies to America's biopharmaceutical research companies.

The following is a summary of data from 15 biopharmaceutical companies regarding their business relationships with vendors and the total expenditures paid to vendors in Rhode Island in 2022<sup>1</sup>. While data was collected across 15 companies, the number of companies with vendor relationships in a particular state varies.

### What does "Total Vendor Relationships" mean?

A vendor relationship is a business relationship between a biopharmaceutical company and a vendor and/or a supplier whose monetary value totals more than \$100 in 2022<sup>2</sup>.

### What is "Total Vendor Spending?"

Total vendor spending reflects the total amount of expenditures by 15 innovative biopharmaceutical companies in calendar year 2022 made to vendors and suppliers in the selected state senate district.

### Vendors and suppliers to the industry include but are not limited to the following:

#### TOTAL VENDOR SPENDING:

- Clinical trials and regulatory support services
- Instruments and analytical equipment
- Finance, insurance and real estate services
- Manufacturing technologies and equipment
- Contract manufacturing
- Sales, advertising and marketing services
- Transportation and logistics services
- General business services and supplies
